Developing Skills

Knowledge Management & Innovation System

Developing a Culture of Innovation and Creativity

A design methodology that multidisciplinary-teams use in the innovation process, applied to the development of new products and services.

Cybermap uses a process of innovation that is **people-** and **prototype-oriented**.

Developing Innovative Projects

- **EU Funds**

- Don't support the cost of HR

- **Market Access**

- Difficulty to access to other markets

- **Capital Access**

- Investment in marketing to growth the business

Establish International Partnerships

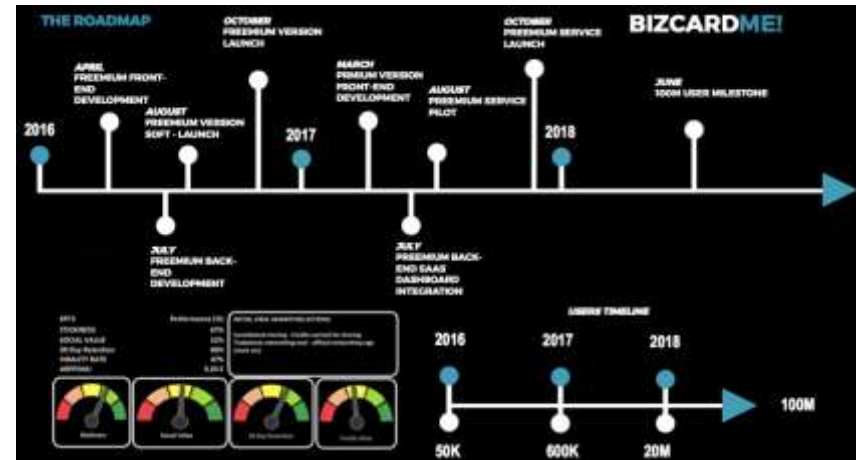

ACCELETEAM - Finnish Venture Capital Fund Management Team

ASTC - Arabian for Science and Technology Co. - Saudi Arabia company

Develop Innovative Projects in Partnership

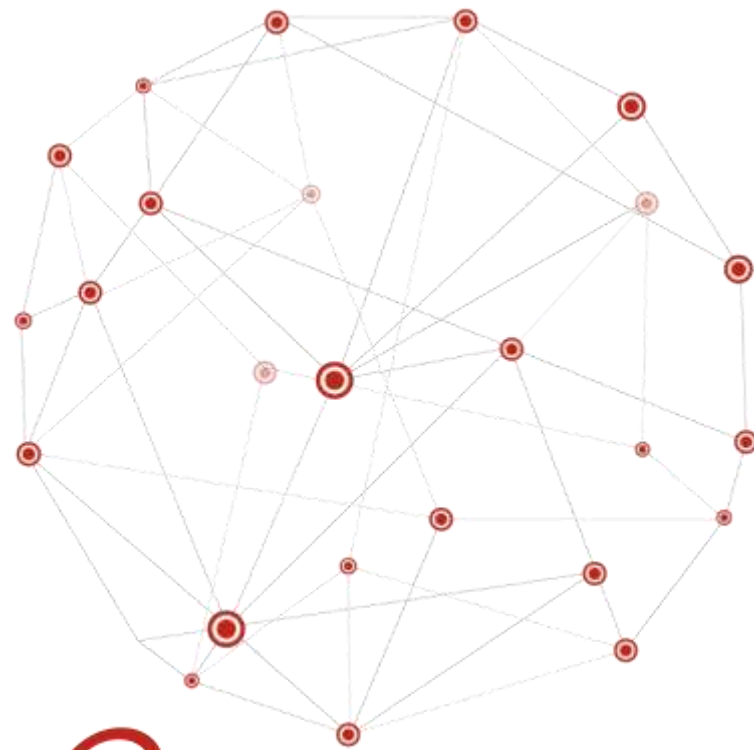

- Investment and Risk
 - Shared
- Market Access
 - Facilitate
- Capital Access
 - Diversity of Investors
